Description

Built by Three BZ Boats and launched in April 2026, Naomie Angel is a beautifully presented 57ft narrowboat offering a rare combination of modern design, quality craftsmanship and an impressive specification. Completed in late 2025/early 2026, she holds particular significance as the final boat built by the renowned John Bird before his passing.Designed and finished to feel more like a luxury contemporary apartment than a traditional canal boat, Naomie Angel offers a bright, spacious interior, stylish accommodation and an extensive range of modern systems. With four berths, generous storage and thoughtful features throughout, she is ideally suited to both comfortable liveaboard living and leisurely cruising.Stepping aboard from the stern, you enter a beautifully finished living space featuring a comfortable double sofa bed, a 32-inch Samsung The Frame TV and atmospheric under-gunwale lighting, which continues throughout the boat. A roof skylight, oak flooring, internal oak doors and frames, Venetian blinds and contemporary finishes create a welcoming, modern environment. Sliding doors add flexibility to the living area, while a dedicated space, currently fitted with a cold-air blower, offers the option of installing a log burner or diesel drip heater, with a roof exit already in place.The spacious galley has been designed with both practicality and style in mind, featuring beech-effect worktops, a traditional butler sink and a full-size Kaiser gas/electric cooker with a four-burner gas hob and fan oven. Additional appliances include a 12V fridge and freezer, full-size dishwasher, 6kg washing machine, microwave and externally vented extractor fan. A
